LOCAL AND N. Y. FINANCIAL NEWS

Washington

There was little demand for either stocks or bonds at today's session of the Washington Stock Exchange, but the former securities found a better market than the latter and price levels in the stock list tended to advance fractionally.

Lanston Monotype was the only issue in which there appeared to be any marked interest. The demand for this stock continued as strong as at any time since its war order was announced and the 15 shares traded in were at 82%, or 2½ points above yesterday's best price. The quitation was established at 82½ bid and 87½ asked. As has been the case for several days brokers were seeking options on hundred-share lots. Announcement of the declaration of the regular quarterly dividend of 2½ per cent by the Mergenthaler Linotype Company caused that stock to be bid up % of a point to 180. The dividend will be payable September 30 to stockholders of record September 2.

The quotation bid on the stocks of the Washington Rallway and Electric Company, which were lowered yesterday and were raised today, the bid on common being advanced % of a point to 86%, and that on the preferred a full point to 81. The bid on Capital Traction was raised ¼ to 88%.

Washington Gas stock was freely offered at 72, at which prices 50 shares were traded in. A single share brought 79%. The only other sale was a Potomac Electric Power consolidated 5 per cent bond at 100%. time since its war order was announced

Walks 3 Miles in Sleep, Then Falls Exhausted

SALINA, Kan., Aug. 18.—Mrs. W. A. Johnson, the wife of a farmer three miles west of Salina, has never been regarded as a sleep walker, but the other morning she arose from her bed at 4 o'clock, dressed herself, and walked three miles to the grounds of St. John's Hospital, where she fell exhausted. She was later found by some of the nurses and taken into the building for treatment, Mrs. Johnson declared she did not remember making the walk or did not remember making the walk or any part of it, and remembered nothing from the time she retired the evening before until she was awakened when the physicians were working with her in the hospital.

The Safest Investments

Are those that do not fluctuate during dis-turbed conditions of the money or stock mar-kets. First deed of trust notes (first mort-gages), well secured on real estate in the District of Columbia, constitute "gilt-adge" investments. They do not depend upon the financial responsibility of individuals or cor-porations for their stability, and are exempt from taxaton as personal property. We can supply such investments in amounts from 1500 upward. Send for bookiet "Concerning Loans and Investments."

New York '

NEW YORK, Aug. 18.—Realizing, which developed following a general early advance in the industrial list, caused a recession which by noon had lowered price levels in the stock market to approximately the closing figures of yesterday. There were a few specialties. particularly the sugar stocks, which registered substantial gains. The motor group was exceptionally weak. Railroad securities continued heavy and inactive. Despite the receivership for Missour Pacific and the extremely unfavorable comment made upon the former management of the Chicago, Rock Island and Pacific railroad by the Interstate and Pacific railroad by the interstate
Commerce Commission the stocks of
both companies rose to higher levels.
Traders were inclined to believe that
the public regarded the placing of the
affairs of the Missouri Pacific in the
hands of the court as favorable in that
the reorganization of the properties
might be effected at a lower assessment than had been contemplated under
the plan which had been prepared by

but later eased off.

While the industrial list held well in the face of the large volume of long stock which was brought out, there were several week spots. Bethlehem Steel broke 11½ points, to 271, a portion of which loss was later recovered; General Motors was off 4½ points; Maxwell Motors. 2 points, and Studebaker more than 5 points.

American Beet Sugar was one of the market leaders, selling up 3½ points to

American Beet Sugar was one of the market leaders, selling up 3% points to 66% before noon; Cuban Sugar advanced nearly 4 points, and American Sugar and Refining more than 1 point.

While the steel stocks generally met with a large volume of realizing, United States Steel common, Sloss-Sheffield and Republic Iron and Steel held firm. Crucible, like Bethlehem, was under
